

Belize Mission Trip

June 14-20, 2020

Tentative Dates

What to Expect

Purpose of this Mission Trip: Evangelism

Tim Zittle is building the ministry plan for the week but the idea is to host a big event at Silk Grass Baptist Church on Friday. Our job throughout the week would be to canvass Silk Grass inviting people to the event and using the opportunities to lead conversations towards the gospel. We would also help set up and run the event on Friday.

Required Training

Before we go, Brian Parker will lead training on "Share Jesus Without Fear." Training Dates TBD

Tentative Schedule

Sunday, June 14 - Depart

Flights: Norfolk International -> Atlanta -> Belize City

Drive: Belize City -> Hopkins

Monday, June 15 - Thursday, June 18

-2 Kitchens

-Beach Access

Our lodging is about 15 minutes away from Silk Grass.

General Information

Passports (Need these ASAP)

You will only need a passport for this trip to Belize, no Visas are required. If you already have your passport, make sure it will not expire before the trip or within 60 days after the trip. If you still need to get one, please get it as soon as possible. You can get a passport application online at

<https://travel.state.gov/content/travel/en/passports/how-apply/forms.html>

Along with your passport application you will need a passport photo. You can get these at most drug stores. The process can take as long as 3 months to get your passport so please turn in your application as soon as possible.

Traveling with Minors

If you are traveling with children, you may be asked by immigration officials to show U.S. birth certificates for each child. When children are not traveling with both parents, immigration officials often request documentation to establish the children are traveling with the permission of both parents. Documentation may include notarized letters from the parent(s), custody decree, adoption papers, or death certificates in situations where one or both parents are deceased.

Vaccinations

None are required but some are recommended (Hepatitis A/B, TDAP, Typhoid, other routine vaccinations) Check out the websites below for further information.
